

MOTORCYCLE CATALOG

WORKSTANDS

WORKSTAND

PRS-3M //

Floor Model with 60 pound base plate adjusts from 50 to 62 inches in height. Includes convenient cast aluminum tool tray with assorted compartments and slots for tools, lubes, and small parts.

FLOOR PLATE

FP-2 //

Permanently and securely attach your PRS-3M to the floor. 8" square steel plate includes stand mounting bolts. (floor mounting bolts not included).

1002 // REPLACEMENT JAW COVER

Replacement cover for your clamp jaws, because hey, rubber wears out.

WALL MOUNT WORKSTAND

PRS-4WM //

Wall Mount designed to be easily mounted to any post or wall stud. (fasteners not included).

BENCH MOUNT WORKSTAND

PRS-4M //

Bench Model easily bolts to any flat surface. (fasteners not included).

FRAME TOOLS

STEERING RACE REMOVER

RT-1 & RT-2 //
 The Park Tool Steering Race Remover makes head tube bearing race removal easy. The tool is pulled through the steering tube until the flared ends snap in behind the race. A blow to the tool head removes the race. Tool fits most brands with 27-55 mm bearing races. RT-1 (1" - 1-1/2"), RT-2 (1-1/2" - 2-3/16").

STEERING RACE PRESS

HHP-2M //
 The Park Tool HHP-2M easily and accurately presses steering head tube races, eliminating damaged or misaligned bearing races and helps prevent dented and chipped frames. Our unique design permits quick tool installation and release after races are seated. The heat-treated bushings (included) provide a precise fit and alignment for most brands.

STEERING TUBE BEARING INSTALLER

CRS-2M //
 The CRS-2M offers a new, safe approach to lower bearing installation. This unique system utilizes specially designed, aluminum inserts to quickly and accurately install nearly any lower bearing. Simply choose the correct insert, slide the setting driver over the steering tube and tap the bearing into place with a hammer, avoiding any risk of damage. The CRS-2M includes three specially shaped aluminum inserts (1", 1-1/8" and 1-3/8") and a heat-treated, universal setting driver.

Park Tool

WHEEL TOOLS

HANDLEBAR AND SUBFRAME STRAIGHTENER

FES-2 //

The Park Tool Handlebar and Subframe Straightener is a versatile and productive tool. The open hook design enables it to straighten handlebars and subframes. Vinyl coating on the hook and on the fulcrum pad protects painted surfaces. The hook has over 8" of adjustment.

WHEEL TRUING STAND

TS-7M //

The TS-7M is constructed from heavy gauge steel and allows for extremely accurate and reliable wheel truing at an economical price. For wheels up to 180mm wide and 740mm in diameter. Bolts to any flat surface, fasteners not included.

HAND TOOLS

I-BEAM TOOL

IB-1 //
Small and lightweight, the IB-1 features our unique forged aluminum I-Beam handle surrounded by the basics: 3, 4, 5, 6, and 8mm hex wrenches and straight blade screwdriver. (laser engraving available)

FOLD UP HEX WRENCH SET

AWS-11 //
3, 4, 5, 6, 8, and 10mm Hex Wrench Set.

I-BEAM TOOL

IB-2 //
Perfect for the road or trail, the IB-2 packs all the essentials: 1.5, 2, 2.5, 3, 4, 5, 6, and 8mm hex wrenches as well as a straight blade screwdriver and a T25 Star driver wrench. (laser engraving available)

STAR DRIVER WRENCH SET

TWS-2 //
The TWS-2 combines the wrench sizes T7, T9, T10, T15, T20, T25, T27, T30, and T40.

HEX WRENCH SETS

3-WAY HEX WRENCH SET

AWS-1 //

4mm, 5mm, and 6mm. The 3-way Hex Wrench fits perfectly in the palm of the hand and provides tremendous leverage.

3-WAY HEX WRENCH SET

AWS-3 //

2mm, 2.5mm, and 3mm Hex Wrench Set.

3-WAY BALLDRIVER® HEX WRENCH SET

AWS-8 //

4mm, 5mm, and 6mm ball end hex to get to those hard to reach bolts.

HEX TOOLS

HT-10 (10MM)

HT-8 (8MM)

HT-6 (6MM)

HT-6 // HT-8 // HT-10

Our new HT hex tools are designed and built for speed, leverage and comfort. Perfect for changing rear sprockets or splitting cases. HT tools feature an ergonomically designed grip, an extra long, super strong hex on one end and a ball driver hex on the other.

WRENCH SETS

**CHROME-VANADIUM T-HANDLES
(SHOWN W/HOLDING RACK)**

TH-1H (WITH HOLDER) // TH-1 (WITHOUT HOLDER)

Easy-Grip PVC dipped handles for comfort and stability. Precision fit, inertia welded deep sockets for nearly all applications. Set includes #2 & #3 Phillips head screwdrivers, 8, 10, 12, 13, 14, and 17mm deep sockets. Optional vinyl dipped holding rack solidly holds and organizes T-handles. Hangs firmly on Park Tool cast aluminum tool trays, most steel toolboxes, or bolts to any wall or tool board (fasteners not included).

P-HANDLED HEX WRENCH SET

PH-1 //

Set includes 2, 2.5, 3, 4, 5, 6, 8, and 10mm sizes. Park Tool P-Handled Hex Wrenches were designed to fit the task as well as fit your hand. Long shafts are equipped with a Bondhus Balldriver® for hard to reach bolts. Short ends are chamfered for an effortless fit in high torque situations. Speed bearing attachment adds quickness to operation. Wrenches fit neatly into included bench/wall mount holder.

TIRE TOOLS

TIRE LEVERS

TL-5 //

TL-5 Tire Lever Sets are made to use on tough tire and rim combinations. Built of forged steel, they are strong enough for shop use and compact enough to be carried along. Specially designed tip engages tire bead and helps prevent pinched tubes. 8-inch (20cm) long, set of two.

FLOOR PUMP

PFP-3 //

The PFP-3 is a high performance, feature packed floor pump at a great price. Capable of high volume or high pressure the PFP-3 features an all steel barrel, high pressure gauge and a dual head that fits Presta or Schraeder valves.

ACCESSORIES

BENCH TOP SMALL PARTS HOLDER

JH-1 //

Our small parts holder is a great place to keep nuts, bolts, washers, screws, and whatever other small parts you can think of. Stainless steel construction with a clear acrylic hinged top and four removable bins. Small parts not included. 12" x 5.5" x 3.5" (30.5cm x 14cm x 9cm)

MAGNETIC PARTS BOWL

MB-1 //

This bench top accessory keeps small parts accessible and all in one place. 6" (15cm) in diameter and featuring an extra strong magnet, the MB-1 is available only in World Famous Park Tool Blue.

SAW GUIDE

SG-6 //

The SG-6 Saw Guide ensures a straight, clean cut on handlebars and tubing from 1" to 1-1/4". Simply clamp the SG-6 onto the tube and cut, letting the SG-6 guide the hacksaw blade. Built with a non-scratching body and heat-treated steel cutting plates to withstand the rigors of daily shop use. Weight: 15.5 ozs. (434 g)

ALUMINUM VISE INSERT

AV-4 //

Park Tool Aluminum Vise Insert provides a safe way to hold small suspension shafts and fittings securely without damage. Aluminum jaws have three machined openings to hold shafts from 7mm to 15mm. Bridge spring allows the tool to automatically open.

ACCESSORIES

MRK-1
(TOOLS INCLUDED)

PORTABLE WORKBENCH

VOTED TOP 10 NEW PRODUCTS

PB-1

PB-1 (FOLDED)

PB-5 (INSTALLED)

PB-1 // PB-5

The PB-1 is a work table that folds for easy transport and storage perfect for races or the garage. Features a large work surface (91.5cm x 58.5cm) with specialty slots, holes, and recesses to hold tools, lubes, beverages, and whatever else you can think of. Folding steel legs provide a solid base for a toolbox and supplies.

Accessories: PB-5 Hand Truck Kit

Converts the PB-1 into a two-wheeled hand truck. Folds neatly away when not in use. Dimensions: Set up- 91.5cm x 58.5cm x 82.5cm / Folded- 108cm x 58.5cm x 18cm

MASTER LINK PLIERS

MLP-1 //

Master Link Pliers make replacement of master links quick and effortless. Insert jaws into each end of the chain and squeeze the handles to hold the chain while replacing the master link. Another Park Tool product to make your job easier.

ANTI-SEIZE COMPOUND

ASC-1 //

Reduces friction for easy assembly and disassembly of fasteners. Ideal for exhaust bolts, pressed races, etc. ASC-1 also seals and protects parts from corrosion and rust under the most extreme conditions. For use on steel, aluminum, and titanium. Comes in a 4 oz tube.

ACCESSORIES

BRUSH CLEANING SET

BCB-4 //

Includes four brushes that each clean specific areas of the motorcycle. Includes a stiff chain brush, a fork and tube brush, sponge brush for wheels and spokes, and a tapered detail brush.

NITRILE SHOP GLOVES

NG-2 //

Park Tool Nitrile Gloves keep hands free of dirt, oil and potentially harmful chemicals and solvents. Thin enough to maintain dexterity, tough enough to resist snags. Sizes M, L, or XL (100 Gloves per box).

FORK TUBE BRUSH

FTB-1 //

Designed to help clean the grit and residue from stanchions while servicing forks. 30 inch long vinyl covered wire for no scratch use and "Sure Grip" dual density handles provide a positive grip.

HEAVY DUTY SHOP APRON

SA-3 //

Once you try on this apron, there's no going back to standard aprons. The SA-3 is made from heavy 10 oz. cotton canvas and has two rows of bar tack reinforced pockets. The special crossback design removes pressure from the neck. Adjustable in length, with an embroidered Park Tool logo.

SHOP STOOL

STL-1 //

The STL-1 Park Tool Shop Stool has chrome-plated steel legs and a comfortable padded seat with a three-color Park Tool Logo. The seat swivels 360 degrees and is positioned at a height of 32" (81cm)—the perfect height for workbench or customer counter. Weight: 15 lbs. (6.81 kg)

ROLLING, ADJUSTABLE HEIGHT SHOP STOOL

STL-2 //

Ideal for quickly maneuvering around the shop or garage, the STL-2 features an adjustable gas shock with 5" (13cm) of travel, smooth-rolling wheels, and a swiveling seat with a three-color Park Tool Logo. Adjusts in height from 17" to 22" (44cm to 57cm).

MOTORCYCLE TOOLS

ABOUT US

Founded in 1963, Park Tool is the world's largest manufacturer of specialty tools for the bicycle industry, our famous blue color found in tens of thousands of shops around the globe. Engineered and built with the same attention to detail, innovation and quality as our bicycle tool line, Park Tool motorcycle tools are quickly gaining a reputation as time saving, high quality tools built for the rigors of everyday shop use. We're proud to say we've been making tools for over forty years and proud to use that experience to build this line of specialty motorcycle tools.
